Re: Septic Tier Map--Town of Walkersville

Dear Mr. Dubow:

At their meeting on January 9, 2013, the Burgess and Commissioners of the Town of Walkersville voted to adopt the growth tier map for the Town of Walkersville as prepared by the Frederick County Planning Department staff and adopted by the Board of County Commissioners of Frederick County. This action was taken as required by Senate Bill 236, The Sustainable Growth and Agricultural Preservation Act of 2012.

We understand that since that time the County maps have been revised. However, the revisions do not apply to any land within municipalities. Therefore, the Town has in effect adopted the revised growth tier map for the Town of Walkersville as adopted by the Board of County Commissioners of Frederick County.

Feel free to contact me (301-845-4500, walkersvilleplanner@comcast.net) if you have any questions.

Sincerely,

Susan J. Hauver
Planning & Zoning Administrator

pc: Jim Gugel, Manager, Frederick County Comprehensive Planning
