

Indicators Workgroup Progress Report  
January 28, 2013

To: Jon Laria, Chair, Maryland Sustainable Growth Commission  
Maryland Sustainable Growth Commissioners

From: Sandy Coyman, Chair, Indicators Workgroup

Subject: Indicators Workgroup Progress Report

The Growth Commission reviewed the Workgroup's Final Report at the December 11, 2012 full Commission meetings. There were several follow-up items from that meeting. MDP will be setting up a meeting with the Indicators Workgroup Chair (and others) following the February Awards program to discuss next steps for the Indicators Workgroup. This includes continuing the workgroup as a resource for the Commission as well as working with the workgroup chair and others to define a workplan moving forward for this group.

In the meantime, staff have worked on the Smart Growth Status Check product, which includes several smart growth indicators.
