TOTAL APPORTIONMENT POPULATION <sup>1</sup>	281 424 177	435	

<sup>1</sup> Includes the resident population for the 50 states, as ascertained by the Twenty-Second Decennial Census under Title 13, United States Code, and counts of overseas U.S. military and federal civilian employees (and their dependents living with them) allocated to their home state, as reported by the employing federal agencies. The apportionment population excludes the population of the District of Columbia.

NOTE: As required by the January 1999 U.S. Supreme Court ruling (Department of Commerce v. House of Representatives, 525 U.S. 316, 119 S. Ct. 765 (1999)), the apportionment population counts do not reflect the use of statistical sampling to correct for overcounting or undercounting.
